

Welcome to Heritage Health's 19th Annual *Kiss the Critter* Fundraiser

What is it? Since 2001 Heritage Health Therapy and Senior Care of Mendota has been sponsoring an annual contest to raise money for *MASS (Mendota Area Senior Services)*. The Mendota community has been extremely generous over the years, supporting this event and raising money for MASS; a not for profit organization offering a wide range of services to seniors in the area. MASS has been expanding its transportation throughout LaSalle County. This fundraiser is a great way to help them be able to continue transporting our community seniors to needed doctor's appointments and such.

When is it? It kicks off on May 20, 2019 with the final pick up of all money raised on June 19, 2019. The winner (*the person who raises the most money*) will be announced and have the privilege of kissing the critter during our celebration on June 20, 2019.

We are changing it up this year!

We are going to be kissing a different critter... what will it be???

**A hamster, a pig, a llama???? You will have to be here on
June 20th to find out!**
